When you arrive on the shores of Bali you will be overwhelmed by her breathtaking beauty and her magical people. Bali and its varied landscapes is a must see destination. We have designed this tour especially for women wanting a relaxing holiday spiced with adventure. We begin our tour with 3 nights in Sanur where you will have time to relax on the beach or pamper yourself with beauty treatments. History tells us that the Kings throughout Bali would come to Sanur as it is a special place to meditate and pray. Experience the peace and tranquility during our stay at our Balinese designed accommodation surrounded by tropical gardens, our attentive staff are ready to service you with a friendly smile. On our first day we will take a leisurely bike ride along the beach front path to visit local markets and gallery's. We will also visit amazing Bali

From Sanur we travel to the mountain retreat of "Ubud" where we will stay for the next 3 nights. Situated 1.5 km from the town of Ubud, Bali's Cultural Heart and perfectly situated to explore other parts of Bali on pleasant ½ day trips. Our mornings will be spent seeking adventure activities visiting coffee plantations, Penekolkan the best location to enjoy the scenery of the beautiful Batur Lake. You will have the option to either take 4 hour mountain bike ride all downhill through beautiful back roads and rice fields, all you need to do is apply the brakes. On this tour we will incorporate a visit to Batuan's impressive village temples, Mas, village of artistic woodcarvings and Ubud the home of painters. Another day will be spent hiking to the village of Muntigunung situated high in the mountains and on the slopes of the holy Gunung Agung. We have chosen a moderate route which begins at the lakeside village of Songan and from here we trek through wild vegetation to the villages nestled along the hillside. Accompanied by an experienced local guide and villagers, we will enjoy a part of this island that most Balinese don't even know about, 99% of tourists have not visited Muntigunung village. Those who have had the privilege to travel with Lyn Taylor's Adventure Travel have been touched by these people who have a less privileged life than our own. Proceeds from our visit will help support these people by providing such commodities as a water catchment systems and improved living conditions which will enable these people to generate sustainable income.

Don't despair it is not all adventure and exhaustion, our afternoons will be free to treat and indulge ourselves to soothing bliss at the resort Spa. We will also enjoy relaxing yoga classes, and a more energetic aqua class led by Lyn who is an accredited fitness instructor as well as your tour leader. From Muntigunung we will then travel to the north side of Bali staying 2 nights at a stunning water front resort Tembok where you will have the option of snorkeling at the US Liberty shipwreck situated just off the beach at Tulamben.
